Volume 7 Issue No 2

Legislative Matters

The Commission discussed possible PDC-related legislation and whether to take a position on certain measures. The Commission agreed to:

- support HB 2047, which proposes changes to campaign reporting dates for statewide ballot measure committees;
- support SB 5759, which will add trustees of technical colleges to the list of state officials who must file Personal Financial Affairs Reports; and
- support retaining the current statute of limitations for most actions brought under chapter 42.17 RCW and remain neutral on proposed changes to the citizen action complaint process.

The Commission declined to take a position on other pending PDC-related legislation.

The Commission will recommend to the Governor and legislative leadership that each local government jurisdiction that enters into sole source contracts be required to maintain an on-line list of those contracts for easy public access. The Commission's recommendation will include a provision that state government sole source contracts be listed on OFM's website.

Rulemaking

The Commission agreed that staff should proceed with drafting language for potential rules affecting superior court judicial candidates to clarify how contribution limits are applied.

The Commission also discussed possible amendments to rules regarding reporting modification requests. The discussion will continue at the Commission's March 22, 2007 meeting.

Reporting Modifications:

The Commission renewed a reporting modification, with no change, for **David Wilson**, School Director, Shoreline School District.
